BE A SUSTAINABLE CITIZEN

Waste Prevention Workshop

Wednesday, May 4 • 6:30-8:30 PM
Regional Meeting Room, Dublin City Hall

We are all part of the solution to reducing our resource consumption of waste, energy, water and more. This interesting and engaging workshop will focus on the principles of “Sustainable in 10”—ten actions that cost no money, create cost savings, and reduce your environmental footprint. The average “sustainable citizen” household can save over \$550 per year, while simultaneously eliminating tons, literally, of carbon dioxide per year (CO₂), thus reducing greenhouse gas emissions.

Workshops are free, but space is limited and registration is required. Register at es@dublin.ca.gov (preferred), or call (925) 833-6630.

FARM-TO-TABLE EXHIBIT

April 16 – July 31
Heritage Park & Museums

Kick off the “Year of the Farm” with “Farm-to-Table: Dublin’s Farmers”—a farm fresh exhibit! Explore the variety of crops raised by Dublin’s farmers over the last 150 years, from cattle and poultry to walnuts and tomatoes. This exhibit will allow you to step back in time to explore Dublin when it was a rural farming and ranching community with less than 300 residents. Learn how these small farms and businesses approached sustainability, family, and community.
